

THE PRICE OF LIBERTY

Freedom has a price – blood. Every nation celebrates its independence and every nation has paid the same price – blood. Men have died to win that freedom.

This is a simple concept. People understand it. And nations honor their independence day for two reasons: 1) Freedom is a great thing and 2) the price was high.

There are several kinds of freedom. The one we usually think of first is political freedom. But the most important kind is spiritual freedom — spiritual peace with God for eternity. This freedom had the same price – blood. But because the war was of a different nature and there was a different enemy, the blood required to pay our penalty was that of the Son of God Himself. And He willingly shed His blood for us. God placed Himself in a body that could die so that He might take our place and die for our sin. We can now be saved from eternal death by honoring Jesus Christ, the one who paid the price, by trusting by faith what He did for us.

Let it be true that “In God We Trust”. Not just for earthly blessings, needs, and wisdom, but first of all for forgiveness and eternal life. www.JustStopAndThink.com
